

CertainTeed
**XT 30 Impact Resistant,
XT 25, CT 20**
Traditional Shingles

Shown in Weathered Wood

CertainTeed 
Quality made certain. Satisfaction guaranteed.™

If you're looking for shingles with staying power, your search stops here.

When it comes to weathering the elements, XT™ 30 (Impact Resistant), XT™ 25, and CT™ 20 are at the top of their class. Built on a tough fiber glass base, each shingle is a little heavier than the next with added warranty and wind protection.

New, impact resistance XT 30 is a stopper in more ways than one. Proven to withstand the force of a 2" steel ball dropped from a height of 20', it is one beauty that does double-duty.

If you want a three-tab shingle that has quality and price nailed down, both XT 25 and CT 20 offer an intelligent balance of strength, reliability and value.

All products conform to the following specifications:

- Fiber glass composition
- UL Class A fire resistance
- UL certified to meet ASTM D3462
- UL certified to meet ASTM D3018 Type 1
- Conforms to CSA standard A123.5-98

XT 30 impact resistant shingles meet UL 2218 Class 4 rating for impact resistance.

For U.S. building code compliance, see product specification sheets.

three levels of protection

As the 2009 ENERGY STAR Partner of the Year for Energy Management, we are proud of our commitment to designing high quality, sustainable roofing products.

easy selection

What's behind our #1 rating?

Builders and remodelers across America know certain things to be true of CertainTeed. For starters, we've been in the roofing business for over 100 years. We have thousands of satisfied homeowners. The process of building that satisfaction begins the moment you turn to us.

CertainTeed offers you the broadest range of color and style choices. But you'll see it's not style over substance. You'll get a roof that's made from the highest quality materials and backed by a strong warranty program. It's our promise to you: quality made certain, satisfaction guaranteed.

Color Companion Products™

With CertainTeed Flintlastic® SA, you can coordinate flat roof areas like carports, canopies and porches with your main roof. Flintlastic SA is a self-adhering low slope roofing product available in eight colors that match some of the most popular CertainTeed shingles. Ask your contractor for more information.

#1 rating

long-term protection

A beautiful roof makes a beautiful home.

In addition to our traditional three-tab shingles, CertainTeed also offers a complete line of luxury and designer shingles that can transform your home into a warm work of art, gracefully and easily. For more information, ask your contractor or visit us on the web at www.certainteed.com.

Limited transferable warranty, including SureStart™ protection, is applicable only in the United States, its territories and Canada; for products sold outside these areas, please refer to the International Warranty for specific details and limitations.

NOTE: Due to limitations of printing reproduction, CertainTeed can not guarantee the identical match of the actual product color to the graphic representations throughout this publication.
